Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner has sought to see if applicants could modify the independent claims so to clarify the position of the last limitation in the body of the claims and to modify the claiming of such limitation as to make the claims distinguishable over the prior art. It turned out that there were no agreed upon terms under which the claims could be modified to reflect how this limitation in conjunction with the upper part of the claims can overcome the prior art; and the issue remain unresolved. Hence, Examiner notified Applicants that a rejection would be prepared and sent in view of the observations made by Applicant in the Appeal brief.
